**By providing hope and positive vision,
Optimists bring out the best in kids**

Your Vote Counts...

Thanks to the **Camarillo Noontime Optimist Club**, members, community friends, neighbors, and guests have had the opportunity to listen to all the candidates for the **Camarillo City Council** share some of their history, goals, and visions for the future of our community the last few weeks at our regular Monday meetings. Those in attendance have been able to ask questions and share their concerns with each of the candidates. All the candidates have been very generous with their time and effort. A special thank you is extended to **Camarillo Noontime Optimist, David Stone**, for contacting the candidates and arranging for them to come to our meetings.

The “editorial staff” of the News Brief in an effort to be fair and impartial has not tried to summarize each candidate’s presentation or views in this edition. If you were not present for all the candidates’ visits, it is suggested that you **contact them at their respective websites, read your voter guide information, and/or examine their mailed brochures.**

The Camarillo City Council candidates are: Matt Larimer, September 26; Tony Trembley, October 3; Bill Little, October 17; Jameson Lingl, October 24; and Kevin Kildee, October 31.
